

## INTERNATIONAL CONFERENCE

## NEW FRONTIERS OF BIOLOGY

Biological drugs, precision medicine and omic sciences: the role of biologists

## **PROGRAM**

8:30 - Registration of participants

Opening of the conference

9:00-9:30 - Speech by Sen. dr. Vincenzo D'Anna President of the National Order of Biologists

First session

9:30-10:15 - Critical issues in the production and control of biological drugs: technological innovation at the service of quality
Dr.ssa Loretta Bolgan

Pharmaceutical chemical

10:15-11:00 - Mitochondrial deupletion (Deuterium Depletion) restrains prokaryote proliferation and virus hosting cellular events thus alleviates the use of biologics Prof. Laszlo G. Boros, M.D.

Professor of Pediatrics (Endocrinology & Metabolism) - The Lundquist Institute of Biomedical Innovation at the Harbor - UCLA Medical Center - University of California Los Angeles - UCLA School of Medicine

11:00-11:20 - Coffee break

11:20-12:05 - Precision vaccination: the new challenge of vaccinology Prof. Paolo Palma

Academic Department of Pediatrics, Research Unit of Congenital and Perinatal Infection, Children's Hospital Bambino Gesù, Rome, Italy

12:05-12:50 - Potential and risks of biotechnology applied to drugs: the role of the biotechnologist in risk assessment

Dr.ssa Sara Buresti

Biotechnologist

12:50-14:00 - Lunch break

ROMA - 18 APRILE 2020 SALA CONGRESSI GRAND HOTEL PARCO DEI PRINCIPI

VIA FRESCOBALDI, 5

www.onb.it

## **Second session**

14:00-14:45 - The impact of the microbiota on the immune system Prof. Fabio Piccini

Università Politecnica delle Marche di Ancona

14:45-15:30 - From Genetics to Epigenetics/Hologenomics Prof. Ernesto Burgio

European Cancer and Environment Research Institute

15:30-15:50 - Coffee break

15:50-16:35 - Microbiota, health and aging Prof. Andrés Moya

Integrative Systems Biology Institute, University of Valencia and CSIC), FISABIO and CIBEResp

16:35-17:20 - Nutrigenomics and nutrigenetics in the treatment of degenerative diseases Prof.ssa Laura Di Renzo

Professore Associato Dipartimento di Biomedicina e Prevenzione, Università degli studi di Roma Tor Vergata

17:20-17:40 - Fertility: the key role of the environment and lifestyles Dr.ssa Gemma Fabozzi

Ricercatrice embriologa del Centro Genera e responsabile del Centro Salute Donna B-Woman di Roma

17:40-18:00 - Discussion

18:00 - Closing of the conference
